

2023 CABERNET SAUVIGNON | NAPA VALLEY

Crafted in the heart of Napa Valley, this Cabernet Sauvignon is a bold reflection of the region's exceptional terroir and a testament to a family legacy rooted in winemaking excellence and sustainable farming practices. It's a place and time where these best elements come together to form a Perfect Union.

Deep garnet in the glass, the wine opens with expressive aromas of blackberry, cassis and hints of cedar and dark chocolate. On the palate, lush tannins carry layers of ripe plum, cherry, and toasted oak, finishing with elegance and a touch of spice.

The tradition of quality and character has defined the Leonardini family's name for generations. Now, with several members launching an independent, stand-alone label, their collective passion is expanding in bold new directions.

This wine represents a perfect union—heritage and innovation, craftsmanship and sustainability—all rooted in a shared dedication to the land and the legacy it inspires.
