

## 2023 CHARDONNAY | SONOMA COAST

From the stunning Sonoma Coast AVA, this Chardonnay is a bold reflection of the region’s exceptional terroir and a testament to a family legacy rooted in winemaking excellence and sustainable farming practices. It’s a place and time where these best elements come together to form a Perfect Union.

On the nose, it opens with bright aromas of lemon zest, green apple, and white peach, layered with subtle floral notes and a touch of salinity that hints at the region’s cool maritime influence. On the palate, this Chardonnay is vibrant and well-structured, balancing crisp acidity with a gentle creaminess from thoughtful winemaking.

The tradition of quality and character has defined the Leonardini family’s name for generations. Now, with several members launching an independent, stand-alone label, their collective passion is expanding in bold new directions.

This wine represents a perfect union—heritage and innovation, craftsmanship and sustainability—all rooted in a shared dedication to the land and the legacy it inspires.
